

## NAMWOLF Welcomes Heather Jefferson to Board of Directors

NAMWOLF congratulates Heather Jefferson of the Delaware Counsel Group on her recent appointment to the NAMWOLF Board of Directors.

Heather remarked, "I am so privileged to represent NAMWOLF along side other Board of Director members. We believe that The Delaware Counsel Group is the only women-owned practice in Wilmington that provides counsel advising on transactions involving Delaware corporations and other alternative business entities." She adds, "NAMWOLF recognizes the value of law firms owned and operated by women and minorities, and we are honored that our firm can be a part of it."

## NAMWOLF Firms Participate in ABA Teleseminar

On February 16, 2006, NAMWOLF cosponsored a teleseminar and live audio webcast entitled "Women- and Minority-Owned Law Firms: Overcoming Obstacles in Your Practice and Winning Your Clients Trust."

Newly appointed NAMWOLF Board Members Heather Jefferson and Michele Ballard Miller of NAMWOLF Law Firms Delaware Counsel Group and Miller Law Group, respectively, were both program faculty, as well as Vickie Turner of Wilson Petty Kosmo & Turner, a NAMWOLF Law Firm Member since August 2002.

During the CLE program, hosted by the American Bar Association, faculty discussed the hurdles and challenges associated with leaving a large firm to start one's own and offered advice for making the transition.

The program was also sponsored by the American Bar Association Law Practice Management Section Women Rainmakers, ABA Commission on Women, ABA Commission on Racial and Ethnic Diversity and the ABA Center for Continuing Legal Education.
